

NOVATAC™

One of the brightest, smallest and toughest flashlights you'll ever own.

NovaTac is an advanced technology flashlight manufacturer focused on life safety applications for Law Enforcement, Military, Firefighting, First-responders and others working in challenging environments.

High Performance LED Flashlights.

Actual Size

A unique, new concept in high performance LED flashlights.

NovaTac, Inc. has emerged as a leading developer of LED flashlights, used by Law Enforcement, SWAT teams and elite special operation groups all over the world. We are constantly striving to build a better light to meet the rigorous demands and needs of our customers, incorporating innovative engineering and cutting edge technology that's made for the mission.

NOVATAC 120E EVERY DAY CARRY

Model No.	Product Description	Color	Price
NT120E-B	Every Day Carry LED Flashlight	Black Body	\$139.00
NT120E-O	Every Day Carry LED Flashlight	Pewter Body	\$139.00
NT120E-S	Every Day Carry LED Flashlight	Silver Body	\$139.00

The perfect "go-to" light for everyday use. It has a simple user interface, 3 pre-set brightness levels (10, 42 or 120 Lumens), and a standard extended tactical button that makes turning it on or off a simple task, even when wearing gloves. The disorienting strobe is an indispensable safety feature that can help get you out of harms way, signal for help, or signal to your team as to your whereabouts. It could mean the difference between being lost and found. The 120E is an ideal companion for firefighters, public safety personnel, outdoor enthusiasts or just as an all purpose light.

- 3 Brightness Levels: (10, 42 or 120 Lumens)
- Disorienting Strobe

- Includes:**
- Novatac 120E
 - Steel Pocket Clip/ Lanyard Attachment
 - (1) CR123A Battery
 - User Guide

Made in the U.S.A.

NT120E-O

NT120E-S

"I have used my NovaTac to aid in the apprehension of shoplifters or "tagger's" when they try to escape through the desert. Most criminals don't carry flashlights so they are at a disadvantage when running in the dark. The NovaTac flashlight is an integral part of my carry gear. It always works (even when wet), it is very versatile, compact, rugged, powerful, and it lets you know when its time to replace the battery so you're not left in the dark."

Director of Security—Tanque Verde, Tucson, AZ

NovaTac Lights Feature:

Limited Lifetime Warranty

Battery Type:
Primary or Rechargeable

Light Source:
White LED

Lens:
Polycarbonate w/
Anti-Reflective Coatings

Dimension:
1 Inch x 3.3 Inches

Weight:
3.1 Ounces Incl. Battery

66 FT.

Materials:
Aerospace Grade Aluminum

Finish:
Type III Hard Anodized

Runs on a single 3V Lithium battery (included), or rechargeable battery.

NOVATAC 120T TACTICAL

Model No.	Product Description	Color	Price
NT120T-B	Tactical LED Flashlight	Black Body	\$149.00
NT120T-O	Tactical LED Flashlight	Pewter Body	\$149.00
NT120T-S	Tactical LED Flashlight	Silver Body	\$149.00

Designed for use by military, law enforcement and other tactical response professionals. This compact, pocket-sized light is easy to operate while holding a handgun. It's momentary-maximum mode allows for a quick burst of blinding light or disorienting strobe, that can shine in the eyes of an oncoming attacker, giving you time to take control of the situation. With 3 pre-set brightness settings (.3, 10, or 120 Lumens), the 120T is truly made for the mission adapting to even the toughest situations. It very well could mean the difference between life and death.

- 3 Brightness Levels: (.3, 10, or 120 Lumens)
- Disorienting Strobe
- Momentary-Maximum Mode

- Includes:**
- Novatac 120T
 - Steel Pocket Clip/ Lanyard Attachment
 - Rubber Grip Ring
 - (1) CR123A Battery
 - User Guide

Made in the U.S.A.

NOVATAC 120M MILITARY OPS

Model No.	Product Description	Color	Price
NT120M-DT	Military Ops LED Flashlight	Desert Tan Body	\$149.00

Specifically designed for the U.S. Military to meet the demanding conditions encountered during wartime. With 2 preset brightness levels of 10 and 120 lumens, you can go from map-reading to illuminating potential threats with the press of a button. Momentary maximum mode allows you to produce a quick burst of blinding light, or disorienting strobe, that can momentarily confuse an attacker. It has a weatherproof body machined from aerospace grade aluminum that makes it virtually indestructible. The powerful and rugged 120M performs flawlessly even under the toughest and most unforgiving conditions. Made for the Military. Now available to you.

- 2 Brightness Levels: (10 or 120 Lumens)
- Disorienting Strobe
- Type III hard anodized aerospace-grade aluminum body, resists warping and corrosion

- Includes:**
- Novatac 120M
 - Steel Pocket Clip/ Lanyard Attachment
 - (1) CR123A Battery
 - User Guide

Made in the U.S.A.

"Tested and Performs to Mil-Std 810F"

Approximate Runtime on one battery:

- 10 Lumens – 28 hours
- 30 Lumens – 9 hours
- 42 Lumens – 4 hours
- 120 Lumens – 30 minutes*

*After 30 minutes on High, light will automatically step down in brightness and run for up to 2 hours.

New for 2008 Introducing the *totally customizable* flashlight series from Novatac. No other flashlight on the market allows you to program and customize brightness output and signal settings, all at the touch of a button. Available in 3 sizes and with a variety of battery options, Novatac has a light that's made for YOUR mission.

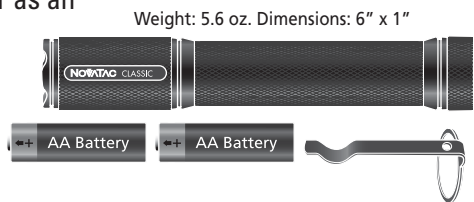

*Go to www.novatac.com to create your own "mission specific" customized light program.

NOVATAC Classic*

Model No.	Product Description	Color	Price
NT-CLBK	Classic LED Flashlight	Black Body	\$109.00
NT-CLPT	Classic LED Flashlight	Pewter Body	\$109.00

A classic design, combining the powerful brightness, lightweight feel and rugged durability that you've come to know and appreciate in NovaTac flashlights. Comes pre-set with 2 brightness levels (10 or 120 Lumens) giving you the power you need to illuminate any situation whether on the trail, or changing a tire. The longer handle clips onto your belt for easy access and the disorienting strobe can be used to temporarily blind an intruder. Also, it's *totally customizable* so you can go on-line to create you're own lighting program choosing from hundreds of light intensity and operational combinations. Works on 2 AA batteries, so you'll never have difficulty finding replacements even if you find yourself in Timbuktu. A perfect light to take camping, or as an emergency light when the power goes out.

- 2 Pre-set Brightness Levels: (10 or 120 Lumens)
- User-Customizable Lighting Program
- Disorienting Strobe
- Extended Tactical Button: Momentary-On

- Includes:**
- Novatac Classic
 - Steel Pocket Clip/ Lanyard Attachment
 - (2) AA Batteries
 - User Guide

NOVATAC Special Ops*

Model No.	Product Description	Color	Price
NT-SOBK	Special Ops LED Flashlight	Black Body	\$109.00
NT-SOPT	Special Ops LED Flashlight	Pewter Body	\$109.00

This small but powerful illumination tool is the perfect companion piece for those in dangerous occupations. Whether you're a security guard, or SWAT team member, the Novatac Special Ops is the toughest, most reliable light you can own. It cranks out an impressive 120 lumens, more than enough to temporarily blind an oncoming attacker. A disorienting strobe gives you the time needed to regain control of a situation. Toggle between 10 and 120 lumens with a few button clicks. You can even go on line and create your own "mission specific" *customized* light program. This rugged, virtually indestructible LED is a workhorse that's ready to do overtime and it will back you up in even the toughest situations.

- 2 Pre-set Brightness Levels: (10 or 120 Lumens)
- User-Customizable Lighting Program
- Disorienting Strobe
- Extended Tactical Button: Momentary-on

- Includes:**
- Novatac Special Ops
 - Steel Pocket Clip/ Lanyard Attachment
 - (2) CR123A Batteries
 - User Guide

NOVATAC Storm*

Model No.	Product Description	Color	Price
NT-STBK	Storm LED Flashlight	Black Body	\$99.00
NT-STPT	Storm LED Flashlight	Pewter Body	\$99.00
NT-STSL	Storm LED Flashlight	Silver Body	\$99.00

Lightweight, powerful, and totally *customizable*, the Novatac Storm has arrived. Preset with 3 brightness levels (.3, 10 and 120) plus a disorienting strobe, the Storm gives you a compact, virtually indestructible illumination tool that you can take anywhere, suitable for any mission. Do you need just enough light to navigate a dark pathway or a blinding, tactical-level beam to disrupt an intruder? You can decide exactly how much light output you need by using the simple, on-line programming tutorial that allows you to produce hundreds of light intensity and signal combinations all at the touch of a button. And best of all, the price is just right.

- 3 Pre-set Brightness Levels: (.3, 10 or 120 Lumens)
- User-Customizable Lighting Program
- Disorienting Strobe
- Extended Tactical Button: Momentary-On

- Includes:**
- Novatac Storm
 - Steel Pocket Clip/ Lanyard Attachment
 - (1) CR123A Battery
 - User Guide

NOVATAC Remote Dual Tail Switch

Model No.	Product Description	Color	Price
NTRS-B-5	Remote Dual Tail Switch Accessory	Black	\$69.95
NTRS-O-5	Remote Dual Tail Switch Accessory	Pewter	\$69.95
NTRS-S-5	Remote Dual Tail Switch Accessory	Silver	\$69.95
NTRS-DT-5	Remote Dual Tail Switch Accessory	Desert Tan	\$69.95

The NovaTac Remote Dual Tail Switch is the perfect accessory to be used in conjunction with a firearm. It conveniently relocates the light switch so that it is easily accessible next to the grip or fingertips while holding a firearm. The Remote Dual Switch has 2 Buttons: Click-on/off push button switch located on the end of the tailcap, plus a click-on/off tape switch, with 5" cable that can be attached to any suitable location with its self-stick Velcro backing. Both switches work in parallel so that either one can be pressed to activate the light. The Dual Tail Switch is compatible with all NovaTac flashlights.

- Weight: .5 oz. (15 grams)
- Dimensions: 7.75" long (from the back of the light tail cap) x .8" wide x .16" thick.
